The Commandant Rossel with the German Forces.

French Reports.

RELEASE OF A COMMANDANT.

PARIS, May 6.—The Commune has ordered the immediate release from confinement of the commandant of Fort Vincennes, who was recently arrested on suspicion of loyalty to the Park authorities.

ROSSEL UNPOPULAR.

The new minister of war, General Rossel, is unpopular with the Commune.

The commandant of Fort Issy has been dismissed by General Rossel for insubordination. The German commander,

GENERAL YON DER TAN, has, in a communication to the Commune, protested against the excess of 200 troops in the garrison at Fort Vincennes. The Prussians still interrupt provisions intended for Paris, and refuse an explanation as to the cause of their action.

VARIOUS ENGAGEMENTS.

VERSAILLES, May 6.—There was canoodling during all last night. This morning there were several engagements in the trenches, and some prisoners were taken. All means of communication between the insurgents in Fort Issy and Vannes have been destroyed. The government works are being completed despite the heavy fire kept up by the Communist batteries.

ELECTIONS POSTPONED.

The supplementary elections, to fill vacancies in the Assembly, have been postponed until after the surrender of Paris.

INSURGENT SUCCESSES.

PARIS, May 6.—The forces of the Commune have occupied Fort Issy. The Commune decree that Fort Vannes is still untenable, and that their troops have carried the barricades on the islands of Grand Cote and Bineau. (Probably a cable blunder for Puteaux.)

MEMBER OF THE COMMUNE ARRESTED.

Stéphane, member of the Commune, has been arrested by order of his associates.

General Rossel, in his operations against the Terroillists, avoids all useless destruction of property.

SHARP WORK IN THE TRENCHES.

VERSAILLES, May 6.—At noon to-day there was a sharp engagement in the trenches in front of Fort Issy and Vannes. The Versailles troops carried by assault a small redan, defended by a force of the Communists, who were taken prisoners. The work was, however, evacuated by the Versailles, in consequence of its exposure to the fire from Fort Vannes.

JOURNALS SUSPENDED.

PARIS, May 6.—The Commune has suppressed the following journals: *Polit Moniteur*, *Petit National*, *Bon Sevo*, *Poiss Prose*, *Petit Journal*, *Oreone* and *Temps*.

KOSSOL APPOINTED GENERAL IN CHIEF.

The decree issued by the committee of public safety vests in General Rossel the initiatory direction of military operations.

The Communists have also given an order for the demolition of the expository chapel. General Rossel has formally taken control of the Commune army, and an order of the day appoints Dombrowski to command the right wing, Laferrière the center, Noblaiki the left wing and Bergere and Endes the reserves.

Attempts at armistice continue, but as yet, without success.

FORT VINCENNES ASKS REINFORCEMENTS.

PARIS, P. M., May 6.—The commandant of Fort Vincennes has informed the Commune that the reaction has reduced his garrison one hundred and fifty men, and asks for reinforcements.

THE SAFETY COMMITTEE WITH ROSEL.

General Rossel has complained of the interference, on the part of the committee of safety, and rejects the responsibility placed upon him. He was gone to Fort Vannes, where he dismissed the commandant.

PREPARING FOR THE OFFENSIVE.

PARIS, May 6.—General Rossel is preparing for an offensive movement, with forty thousand of his best men. The Communists still retain Fort Issy, and cannot be expelled.

Trocadero batteries have been advanced and opened fire against Fort Valence.
